Re: Export License Requests

Export licenses are required to most destinations for EBW detonators, EFI detonators, devices used to fire these commodities (firesets), and tools containing these commodities. Information regarding what countries require an export license is available at: <http://www.ocresponds.com/ref/ref-export.htm>.

Current items requiring an export license are: 902169-801, DET-5000-001, EBW-PSCI-400, EBW-RISI-080, EBW-RISI-083, EBW-RISI-502, EBW-RISI-800, EBW-RISI-810, EBW-RISI-830, EBW-RISI- 80, EBW-RISI-SQ80, EFI-2000-001, EFI-2000-002, PUR-0610-007, SEV-1375-200, SEV-1375-250SA, SEV-1750-200, SEV-2000-200, & SEV-2375-200.

To request an export license, complete the Export License Request Form located at: <O:\Compliance\Export Management System\Export License Request form.doc>. Once complete, e-mail the form to David Boston at david.boston@corelab.com.

Export license applications will not be processed without a completed Export License Request Form. Please ensure that all your staff is advised of this requirement.
